KDT750 Price Verification System

The KDT750 from AML is a user-friendly, full-feature price verification system that delivers outstanding functional value in a compact, space-saving footprint. The KDT750 comes standard with an on-board price verification program, 5.6" full VGA color touch screen display, Power-over-Ethernet (PoE), user-definable keys, and multiple USB and serial ports. Options include 802.11b/g/n WLAN radio technology, internal UPS backup battery, magnetic stripe reader, HID proximity card reader, and CCD or omni-directional 2D bar code reader. The KDT750 mounts easily to walls, poles, shelves, and tabletops with optional mounting hardware and accessories.

Comes With: User Documentation CD
 Warranty: One Year
 Need to Know: Power-over-Ethernet is standard. If this feature is not used, the PWR-8050 power supply is required.
