M8050 Compact Handheld Computer

The M8050 is a ruggedized handheld computer in a PDA form factor. Featuring a QVGA color Touchscreen LCD, integrated magnetic strip reader, and long-life 5200 mAh battery, the M8050 is versatile enough for a multitude of applications. A powerful 400 MHz processor runs Windows® CE 6.0, and a generous amount of memory (128MB RAM, 128MB ROM) provides ample storage for applications and data.

Comes With: Battery, Documentation CD

Warranty: One Year

Need to Know: A charging cradle is required to charge the battery. See M8050 Accessories.
