IMPORTANT!! Power Options

StoreScan Demo Barcodes

The Monarch+ can utilize two power sources: An external DC power supply or Power-over-Ethernet.

Internal Power-over-Ethernet Supply

The unit can be powered via category 5 networking cable when used with an 802.3af compatible power injector or switch. Both network traffic and power can be sent via the same category 5 wire.

External Power Supply, 5VDC, 4A

WARNING: Using power supplies that are not supplied by AML for use with the Monarch+ unit can cause damage to the unit and WILL void all warranties. (AML Part: **PWR-7150US**)
