

# Migration Path for Triton, M7225, Striker, and Scepter

If you own any of these legacy AML devices, there are two options for migrating to a current AML product.

4" Color display  
47-key or 58-key tactile keypad  
Multiple barcode scanning options  
24.3 watt-hour battery  
Wi-Fi 6E, BLE 5.2 Dual mode  
Octa-core 2.7 GHz processor  
Android 13+  
Integrated dual-beam flashlight  
Available with or without handle  
Optional DC Suite software  
Text-Based VT100/220 Client
