MADE IN
USA
SINCE 1983

The purpose-built, enterprise-class kiosk that re-defines the self-service experience.

Combining the power of a desktop computer and the user experience of a tablet, the Monarch is the *ideal* built-for-purpose kiosk designed for retail, hospitality and commercial applications.

The Monarch is powered by an Intel® 64-Bit processor, features a 10.1" display with capacitive touchscreen, and can be powered using a Power-over-Ethernet equipped wired network. Options include omni-directional barcode scanning and WiFi/BT communications.

The Monarch is the ultimate in power and versatility, unmatched by any other self-service kiosk in its class.

Standard Warranty

AML products are warranted against defects in material and workmanship under normal use and service for a period of one year from the date of purchase. The obligation of AML under this warranty is limited to furnishing labor and materials necessary to return the product to its normal operating condition, or to replace the unit, at AML's discretion, and only on a "return to factory" basis. This limited warranty does not extend to any product, which has been modified, misused, abused, or incorrectly installed. Warranty, also, does not extend to any product that has been repaired or altered by any party other than AML, or has been subjected to unusual physical or electrical stress, negligence or accident. Prior to returning a product for repair, the user must obtain a Return Authorization Number, which must be clearly marked on the outside of the shipping container.
